

## Stayfree Dry max UltraThins All Nights

Stayfree Dry max All nights is a revolutionary product designed to provide long lasting protection throughout the night, so that you can wake up to a fresh morning even after your period nights. It is “longer and wider at the back” and has “Dry Max” cover to provide you 3 times better dry protection versus ordinary pads. It also has special “Super Lock Pockets” which absorb fluid faster than ever before.

Also, it is an ultra thin pad so that you can wear it even with tight clothing. The gel-based Anti-Leak core locks the fluid in and natural plant extract that helps prevent and neutralize odour. It has wide wings that protect against side leakage. Each pad is individually wrapped which makes carrying and disposing easier for you.

### Key Features

1. Unique Shape “Longer & Wider Back”
2. Unique “Drymax” cover
3. Special “Super Lock Pockets”
4. Gel based anti-leak core
5. Natural Plant Extracts
6. Wide Wings

### Product Rationale

- *Fear of stains at nights makes it difficult to get a good night's sleep*
- *Given the constant change in positions while sleeping extra coverage is needed*
- *High level of absorption is needed to avoid change of napkin at night*

## Key Benefits (A good night sleep)

1. Leak protection (wider coverage)
2. Dry comfortable feel (3x drier than competition)
3. Quick absorption (2x better than earlier)
4. All night flow absorption
5. Odour Control
6. Pads stays securely in place
